Vote: Ayes: DiBiase, Powell, Ertel, Dixon, Wolfe, Fix.	Noes: None
Recuse: None.	Motion carried.
Absent: Kempton	

**Correspondence.**

Buffalo Business First IDA Section / Supplement to the Annual Book of Lists. All of the other IDA's advertise. Clarence never has, although its something to consider. Its an excellent resource and wide distribution.

**Old Business**

- a) Per Paul Leone, Dynabrade Project is on hold.
- b) Discussion on potential Solar Farm Project. There are mixed reviews from the board members as well as the research and data. Jonathan Bleur led the discussion and provided a lot of great information. He stated by law, a

town has to allow solar panels somewhere so the Town compromised to make sure any solar panel projects are to be in an industrial / commercial zone only, not Agricultural zone. This will be an on-going discussion.

### **New Business.**

- a) There is over 100 million dollars sitting in projects right now, that has been sitting there for 25 + years that cannot be used due to existing IDA laws and restrictions. There was discussion surrounding some thoughts on how funds could be utilized within the law, as well as how to possibly change the law to use funds for improvements. How can IDA's spend money to develop their municipalities and communities? This is a preliminary discussion that may or may not be revisited in the near future.
- b) Custom Controllerz, makes custom video game controllers, looking to do an expansion on approximately 12 acres of land at 8003 Transit Road. It's a project over 1 million dollars. Being a manufacturer, they qualify for a ten (10) year PILOT. They will create 6 full time jobs, 6 part time jobs. After discussion (we do not need a vote), we will do an IMPLAN Study. We will also submit a Public Hearing Notice by June 5<sup>th</sup> and plan for Public Hearing June 19<sup>th</sup>, 2025.
- c) RJS Development – 10180 Main Street, a new build development, 20 apartment units, small grocer mixed-use 5.5-million-dollar project. Will create 5 full time jobs, 5 part time jobs. Full application submitted and when check is submitted, an IMPLAN Study will be conducted. We will also submit a Public Hearing Notice by June 5<sup>th</sup> and plan for the Public Hearing June 19<sup>th</sup>, 2025.
- d) Edge Development – Application has been submitted but not fully completed and some sections will need to be corrected; 9105 Sheridan Drive, mixed-use 7.7-million-dollar project, however, the IDA approved portion of the project is 3 million and will need to be clarified to applicant; project qualifies for a 7-year PILOT. Will submit for IMPLAN Study when application is complete and application fee has been submitted.

### **Public Comments**

N/A

### **Items Not on The Agenda**

Clayt Ertel brought up one of the top ten manufacturers in WNY according to Buffalo Business First is Wilson Greatbatch in Clarence, total revenue 1.72 million, 865 local employees and 11,000 nationwide.
