

TOWN OF CLARENCE, ERIE COUNTY, INDUSTRIAL DEVELOPMENT  
AGENCY LOCAL PROCUREMENT PREFERENCE POLICY

(adopted February 17, 2011)

The Town of Clarence, Erie County, Industrial Development Agency believes that its primary mission is to foster economic development in the Town of Clarence and surrounding area and that Agency projects provide a greater economic impact to the area when the project applicant utilizes local suppliers and contractors for the purchase of goods and products and to supply the labor force for the projects of the Agency. In order to enhance the impact of the Agency's projects, the Agency wishes to encourage project applicants to the greatest extent possible to purchase products from vendors and contract with contractors from the Town of Clarence and the region surrounding the Town of Clarence.

The Agency recognizes that Project Applicants only want to utilize suppliers and/or contractors that they have confidence in and that have costs which the Applicant believes are reasonable. The failure of the Applicant to utilize local suppliers and/or contractors shall in no way disqualify the Applicant from receipt of Agency assistance. However, it remains the policy of the Agency to encourage the use of local suppliers and/or contractors.
