# TOWN OF CLARENCE, ERIE COUNTY, INDUSTRIAL DEVELOPMENT AGENCY FEE SCHEDULE

Application Fee: At the time of application for approval by the Agency of any transaction there shall be a non-refundable application fee of Five Hundred Dollars (\$500.00). If the request is for refinancing of an existing Project of the Agency where no publichearing is required, this Application Fee will be applied as an offset against all or a portion of the Agency Administrative Fee Due.

For an extension of an inducement, each extension of six months shall require payment of one quarter of the Agency Administrative Fee.

# Agency Administrative Fees:

# 1. New Projects

The Agency Administrative Fee for new Projects shall be 1% of the dollar amount of the Project as determined by the Agency. One quarter of the Agency Administrative Fee or .25% must be received by the Agency prior to the issuance of a Sales Tax Letter by the Agency except for installment sale transactions when the entire Agency Administrative Fee of 1% is due at time of the issuance of the Sale Tax Letter. The balance of the Agency Administrative Fee or .75% shall be due on the closing of the transaction.

## 2. Refinacings

The Agency Administrative Fee for refinancings shall be \$500 plus one percent (1%) of any new money being financed.

By way of illustration, if the Agency authorized a Project with a Project Cost of \$1,200,000, the initial Agency Administrative Fee payable would have been a total of \$12,000 with .25% or \$3,000 due at the time of the sales tax letter and \$9,000 payable at the closing. For purpose of illustration, we will assume that the Project was financed through bonds or a note and mortgage in the principal amount of \$1,000,000. At the end of five years, the Lessee comes to the Agency for assistance in refinancing the Project with a new borrowing of \$1,300,000. The Lessee will have to advise the Agency of the outstanding principal balance remaining on the bond or note. For purpose of illustration, we will assume that the principal balance has been reduced by \$100,000 leaving a remaining principal balance of \$900,000. The Lessee would have to pay an Agency Administrative Fee of 1% on the amount over the original \$1,200,000 authorized and for which the Agency Administrative Fee was paid or 1% of \$100,000 (\$1,000) plus an administrative fee of 1% on the difference between the \$1,000,000 originally borrowed and the remaining principal balance or 1% of \$100,000 (\$1,000) because that amount would also constitute new money. This would be in addition to the \$500 refinancing fee for a total Agency Administrative Fee of \$2,500.

### 3. Sublease Approvals

The Agency fee for approval of a new sublease for the entire Project shall be \$500.

# 4. Approval of Lease Assignment and Assumptions

The Agency Administrative Fee for approval of Lease Assignments and Assumptions shall be one quarter percent (.25%) of Agency Administrative Fee which would have been due if the Project was a new Project but reduced by the percentage of the benefit already received with respect to real property tax abatement.

By way of illustration, if it is assumed that the Agency provided a ten year real property tax abatement as set forth below

•	Year	, 7	Tax Paid	Abatement
	1997		20%	8Ó%
	1998		25%	75%
**************************************	1999		30%	70%
	2000		35%	65%
	2001		40%	60%
	2002		45%	55%
•	2003		50%	50%
•	2004		55%	45%
	2005		60%	40%
	2006		60%	40%
Total Abatement		?		5.8 years of
				abatement

If after year 2002, an application was received requesting that the Agency approve the assignment and assumption of the lease agreement, four years of abatement are remaining. If you add up the percentage of abatement for each year the total remaining abatement is 1.75 years of abatement. The fee would be .25% of the percentage remaining of the real property tax abatement (1.75 divided by  $5.8 = .301724138 \times .25$  times the original Project Cost) Assuming the original Project Cost was \$1,000,000, the fee at the time of the original Project would have been \$10,000. The fee for the assignment and assumption would be \$1,000,000  $\times$  .0025  $\times$  .301724138 = \$754.31.

For Projects that were induced after January 1, 2010, the same methodology would be utilized but using the new seven or ten year fee schedule as the case may be.

#### Additional Fees

Additional costs associated with meeting the Agency's current environmental policy are the responsibility of the Applicant.

If the Project Application is withdrawn or does not close, the Applicant is responsible for any costs, including Agency Counsel Fees, incurred by the Agency on behalf of the Project.

#### Agency Counsel Fees

above \$10,000,000	\$20,000 minimum with additional legal fees payable based upon the circumstances and work involved

<sup>\*</sup> With respect to legal fees for Projects up to \$750,000, this Legal Fee would include only two drafts of documents. In addition, if due to delays caused by the Lessee or the Lender, the closing is delayed beyond a sixty day period from the date of the first draft, additional time may also be billed by Agency Counsel in his or her discretion. If further drafts are required or the closing is unreasonably delayed, additional time shall be billed at the hourly rate then in effect of Agency Counsel for the additional time only which hourly rates are currently \$250 per hour.

Legal Fees for refinancings shall be based upon the dollar amount refinanced in accordance with the above schedule. In the case of minor amendments of the prior loan documents, Agency Counsel Fees shall be charged on a time basis at the hourly rate then in effect for Agency Counsel. Agency Counsel shall determine whether the amendment to the prior loan documents is a minor amendment in his or her sole reasonable discretion.
